Notes to the Condensed Consolidated Financial Statements

FOR THE SIX MONTHS ENDED 30 SEPTEMBER 2024

1. GENERAL

The Company was incorporated in the Cayman Islands as an exempted company with limited liability under the Companies Act, Cap 22 (Act 3 of 1961, as consolidated and revised) of the Cayman Islands. The Company acts as an investment holding company and its subsidiaries are principally engaged in importing and wholesaling of frozen seafood products and property holding. The Company's immediate and ultimate holding company is Karlson Holding Limited which was incorporated in the British Virgin Islands and controlled by Mr. Chan Kin Fung ("Mr. Chan").

The condensed consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is the functional currency of the Company.

2. BASIS OF PREPARATION

The condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") as well as with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

3. PRINCIPAL ACCOUNTING POLICIES

The principal consolidated financial statements have been prepared on the historical cost basis.

The amounts included in the condensed consolidated financial statements have been computed in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the HKICPA applicable to interim periods.

Other than accounting policies resulting from application of amendments to HKFRSs, the accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 September 2024 are the same as those followed in the preparation of the Group's annual financial statements for the year ended 31 March 2024.

Application of amendments to HKFRSs

In the current interim period, the Group has applied the following amendments to HKFRSs issued by the HKICPA, for the first time, which are mandatorily effective for the annual period beginning on or after 1 April 2024 for the preparation of the Group's condensed consolidated financial statements:

Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020)
Amendments to HKAS 1	Non-current Liabilities with Covenants
Amendments to HKAS 7 and HKFRS 7	Supplier Finance Arrangements

The application of the amendments to HKFRSs in the current period has had no material impact on the Group's financial positions and performance for the current and prior periods and/or on the disclosures set out in these condensed consolidated financial statements.

4. REVENUE AND SEGMENT INFORMATION

The Group recognises revenue from trading of frozen seafood products.

The revenue of the Group is recognised at a point in time. Under the transfer-of-control approach in HKFRS 15 “Revenue from Contracts with Customers”, revenue from trading of frozen seafood products is generally recognised when goods are delivered, which is the point of time when the customer has the ability to direct the use of products and obtain substantially all of the remaining benefits of the products. A receivable is recognised by the Group when the goods are delivered to the customers as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

The Group is engaged in importing and wholesaling of frozen seafood products. Information reported to the members of executive directors of the Company, being the chief operating decision makers (the “CODM”), for the purposes of resources allocation and assessment of performance focuses on revenue analysis by products and by geographic locations of customers. In addition, the CODM reviews the results of the Group as a whole to make decisions. Accordingly, only entity-wide disclosures, major customers and geographic information are presented.

All sales contracts are for periods of one year or less. As permitted under HKFRS 15, the transaction price allocated to these unsatisfied contracts is not disclosed.

The disaggregated information of revenue is as follows:

Management Discussion and Analysis

BUSINESS REVIEW

The Group is an established frozen seafood importer and wholesaler in Hong Kong with over 22 years of experience in the frozen seafood import and wholesale industry. It supplies a diverse and wide range of frozen seafood products with more than 100 product varieties to over 350 customers which are mainly frozen seafood resellers and frozen seafood catering service providers.

For the six months ended 30 September 2024, the Group recorded a net profit of approximately HK\$20.0 million as compared to a net profit of approximately HK\$21.4 million for the six months ended 30 September 2023. The Directors are of the view that the decrease in net profit was mainly due to the decreases in revenue and gross profit during the period.

In view of the decreases in revenue and net profit generated for the six months ended 30 September 2024, in conjunction with the sluggish economy in Hong Kong and especially the weakened retail market due to the growing trend of Hong Kong people travelling to Shenzhen and other Greater Bay Area cities during weekends and long holidays, the Directors remain cautious about the Group's business outlook.

OUTLOOK

Looking forward, the Directors anticipate that the catering and food service industry will continue to be under immense pressure due to the change in consumption trend of Hong Kong people.

The Group will closely monitor the market conditions and specifically the local retail market with assessment of the impact on the Group's operations and financial performance, we will closely monitor the Group's exposure to risks and uncertainties on an ongoing basis, and will strengthen the cost savings initiatives in view of the challenging conditions.

The Directors believe that the listing status of the Group enhances the Group's profile and further strengthens the Group's reputation in the industry, which in turn helps maintaining the business relationship with the existing suppliers and customers, and exploring potential business opportunities with new suppliers and customers.

The net proceeds from the Share Offer have been providing financial resources to the Group to meet and achieve its business opportunities and strategies which will further strengthen the Group's market position in the frozen seafood import and wholesale industry in Hong Kong.

The Group has obtained sale agency arrangements with a number of new foreign suppliers since its Listing, and will continue to pursue for additional exclusive agency or sale agency arrangements with existing and new foreign suppliers to further enrich our product portfolio and to maintain our competitiveness by carrying a broader product portfolio. The Group shall continue to strive and achieve the business objectives as stated in the prospectus issued by the Company dated 29 September 2017 ("Prospectus").

FINANCIAL REVIEW

The Group's revenue decreased by approximately 16.5% from approximately HK\$240.6 million for the six months ended 30 September 2023 to approximately HK\$201.0 million for the six months ended 30 September 2024, primarily due to the decrease in sales of products such as Clearwater arctic clams, Canada spot prawn, Japanese frozen crab flavored fish cake, sesame baby octopus, China processed scallop and Japan boiled scallop.
